

BAD TREATMENT ALLEGED.

Mangled Japanese Allowed to Suffer Agonies Unaided.

A special train bearing a half dying Japanese from Ewa plantation came into the city Tuesday afternoon about 3:30 o'clock. At 10 a. m. that day the Asiatic, a laborer in the fields, had been run over by a locomotive which crushed the thumb and fore-finger of his left hand into a shapeless mass, and mangled his left foot and ankle so that the extremity merely clung to the leg by shreds of flesh. The accident apparently was due to the man's carelessness in stepping on the track directly in front of a moving cane locomotive.

No medical attention appears to have been given him by the plantation physician. What appears to be criminal carelessness in the treatment of the man, is the fact that no splints or bandages were applied to the crushed and mutilated limbs, and the blood flowed steadily from the wounds during the railroad journey.

During the entire trip the foot was allowed to dangle at will.

At the Queen's hospital the amputation of the fingers was speedily performed by Dr. Cooper. A pair of surgeon's scissors were all that was necessary to remove the foot. The shock proved too great for the weakened Japanese and he died during the evening without recovering consciousness.

Deputy Marshal Chillingworth impelled a jury yesterday at noon consisting of Sam Kube, Fred Goudie, W. E. Bivens, William Savidge, J. H. Schnack and P. H. Burnette. They met at 1 o'clock and were driven to the hospital in the patrol wagon. As witnesses were necessary to offer testimony Saturday at 2 p. m.

Joseph Jefferson had an extraordinary reception when he returned to New York with Rip Van Winkle. He first played the part there forty years ago.

Frank S. Douth, a well-known Southern Pacific railroad official, is dead.

CAUGHT A DREADFUL COLD. Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1653 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by Benson, Smith & Co., Ltd., wholesale agents.

Ladies' Hose

We have placed on sale this week a line of LADIES' FAST BLACK HEMSDORF DYED HOSE, received direct from the factory in Germany (thus avoiding the American duty), which we are offering at the very low price of six pairs for \$1.00. Now this is an opportunity not often offered for ladies to supply themselves with a good staple article of every day use at such a very low price. We do not claim them to be the finest, but a good strong article of absolutely fast dye.

In addition to the above we have our usual complete line of LADIES' AND GENTS' MISSES' AND CHILDREN'S HOSIERY

Which have their own established reputation.

We have just received a small choice line of

Genuine Scotch Zephyrs.

Now we do not advertise these as cheap goods at all, but just the kind a lady would select to make a gown of that which she would look stylish in, but that would stand the kind of laundering it would receive here.

A small and carefully selected lot of Printed Pure IRISH LINEN LAWNS in new and modest designs and colorings, twelve-yard lengths, which we are offering at just about half the price that they will have to be sold for when imported under the American tariff laws.

Of course all ladies know of the great durability of Irish Linen and its delightful coolness, and here where we use wash goods the year around it pays to buy a good article that one can feel justified in expending the time and money necessary in making up in a manner that one would—not on a cheap article that one would have to cast aside after the first laundering. For trimmings these same goods we have a very complete assortment to choose from, of Embroideries of all kinds, CAMBRIC, NAINSOOK and SWISS EDGINGS and INSERTIONS, and All-overs and Laces of every description. These all imported by us direct from Europe in bond.

Just received direct from the factories at Troy, N. Y., a splendid line of GENTS' SHIRTS, in dress, colored and negligee. In buying these shirts we have exercised the greatest care, first as to their fit and correctness of style, and in case of the colored ones in the very exacting manner of our examination in regard to their fastness of color, we doing our best to satisfy ourselves that we were getting but absolutely fast colors in these shirts, and hope we have succeeded. Call and see them and the line of Gents' FURNISHINGS and UNDERWEAR we carry.

To housekeepers who might require them in a hurry, we wish to state that we have SHEETS and PILLOWCASES, ready made in all sizes and qualities and at prices we think will be satisfactory.
